MICRO FINANCE INSTITUTIONS NETWORK [MFIN]

Note 6: Significant Accounting Policies and Notes to the Accounts:

A) GENERAL INFORMATION

Micro Finance Institutions Network (MFIN), having its registered office in Hyderabad, Telangana and its head office in Gurugram, Haryana was established on December 14, 2009 as a Society under the Andhra Pradesh Societies Registration Act 2001. The Society is also recognized as a "Self-Regulatory Organisation" (SRO) for NBFC-MFIs by the Reserve Bank of India since June 16, 2014. The primary activities and objectives of the society are to liaise and work in unison with the relevant regulatory authorities regulating the business of microfinance, to promote microfinance and develop best practices, conduct research and training so as to strengthen the capacity of institutions engaged in microfinance in general, including those who are members of the Society.

The total number of members, Non-Banking Finance Companies-MFI, as on March 31, 2022, was 56. In addition, the society includes 41 institutions as Associates as per its byelaws, which are Banks, other NBFCs, etc.

B) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1) Basis of preparation of financial statements:

The financial statements that comprises of the Balance Sheet, Statement of Income and Expenditure together with Notes, are prepared in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP) to comply with applicable Accounting Standards issued by The Institute of Chartered Accountants of India. The financial statements are prepared under the historical cost convention on going concern basis using accrual method unless otherwise stated. The accounting policies adopted in the preparation of the financial statements are consistent with those followed in the previous year, unless otherwise stated.

2) Use of estimates:

- (i) The preparation of financial statements is in conformity with Indian GAAP which requires management to make judgements, estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent liabilities at the end of the reporting period. Although these estimates are based upon management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amount of assets or liabilities in future periods.
- (ii) The Society has considered the possible effects that may result from the pandemic relating to COVID-19 on the carrying amounts of receivables. The Society has assessed the carrying amounts based on subsequent events and the state of the business operations during the period of the pandemic and related information including economic forecasts. As a result of this assessment, and based on current estimates, the Society expects that the carrying amount of these assets will be recovered. The impact of COVID-19 on the Society's financial statements may differ from that estimated as at the date of approval of these financial statements.

3) Revenue recognition:

The Revenue is recognized as follows:

(i) Special Activities

Grant Received for Projects: The society receives funds from both local & foreign sources which are restricted in nature with regard to its utilization as per donor agreements. As such, the restricted funds received during the year are in the first instance credited directly under the "Restricted Grant" account in the Balance Sheet and is thereafter transferred to the Income & Expenditure Account to the extent of related expenditure incurred during the year. The balance amount is carried forward in the Restricted Grant account under the current liabilities in the Balance Sheet for use in future periods.

MICRO FINANCE INSTITUTIONS NETWORK [MFIN]

(ii) Other Income

Interest income from banks is recognized on the basis of proportionate lapse of time as applied to the amount outstanding and rate applicable. Interest from income tax is recognized as and when received.

4) Fixed Assets:

All fixed assets have been shown at cost less accumulated depreciation. The cost comprises of purchase price and all incidental costs related to acquisition and installation.

5) Depreciation:

Depreciation has been provided on assets based on written down value method at the rates prescribed under the Income Tax Act 1961. Written Down Value as on 1st April 2021 has been considered to calculate the depreciation for the period from April 2021 to March 2022.

6) Valuation of Investments:

All investments are held at cost and are valued at market price or cost, whichever is lower. Any diminution in value in respect of all investments, other than long term investments (which are held to maturity or withdrawn before maturity), are provided in the accounts, while appreciation is accounted for when realized.

7) Employee Benefits:

Short Term Employee Benefit is recognized as an expense in the Statement of Income & Expenditure in the year in which related service is rendered. Performance pay is recognized as an expense in the year when the performance is analysed against the parameters and approved by the board.

Post-employment and other long-term employee benefits are provided for in the Accounts in the following manner:

- (i) Provident Fund contribution: Contribution are made with Provident Fund Commissioner as per the provision of the Employees Provident Funds and Miscellaneous Provisions Act, 1952.
- (ii) Gratuity: Maintained as a defined benefit retirement plan and contribution is made to the Life Insurance Corporation of India. Provision/ write back, if any, is made on the basis of the present value of the liability as at the Balance Sheet date determined by actuarial valuation following the Projected Unit Credit Method.
- (iii) Leave Encashment: Encashment of leave is done in the year of entitlement and no leave can be carried forward for encashment in future.

8) Leases:

Lease arrangements where the risks and rewards incidental to ownership of an asset substantially vest with the lessor are recognised as operating leases. Lease rentals under operating leases are recognised in the Statement of Income and Expenditure on a straight-line basis over the lease term.

9) Impairment of fixed assets:

The carrying value of assets at each balance sheet date are reviewed for impairment. If any indication of impairment exists, the recoverable amount of such assets is estimated and impairment recognised, if the carrying amount of these assets exceeds their recoverable amount. The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor. When there is indication that an impairment loss recognised for an asset in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognised in the statement of income and expenditure.

MICRO FINANCE INSTITUTIONS NETWORK [MFIN]

10) Taxes on Income:

In respect of other income, provision for taxation is made as per applicable rates and provision of the Income Tax Act, 1961.

11) Foreign currency transactions:

(i) Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

(ii) Foreign currency monetary items are reported using the closing rate. Non-monetary items, which are carried in terms of historical cost denominated in a foreign currency, are reported using the exchange rate at the date of the transaction.

(iii) Exchange differences arising on the settlement of monetary items or on reporting society's monetary items at rates different from those at which they were initially recorded during the year, or reported in previous financial statements, are recognized as income or as expenses in the year in which they arise.

12) Prior period adjustments, extra ordinary items, and changes in Accounting Policies:

Prior period adjustments, extraordinary items and changes in accounting policies having material impact on the financial affairs of the Society are disclosed.

13) Provision and contingent liabilities:

Society creates a provision where there is a present obligation as a result of past event that probably requires an outflow of resources and reliable estimate can be made of the amount of obligation. A disclosure of contingent liability is made when there is a possible obligation or a present obligation that will probably not require outflow of resources or where reliable estimate of the obligation cannot be made.

14) Events after the Balance Sheet:

Events occurring after the date of the Balance Sheet, which affect the financial position to the material extent, are taken cognizance of.

C) NOTES TO ACCOUNTS:

1) Foreign Currency:

(i) Income in Foreign Currency:

Particulars	31-03-2022 (Rs.)	31-03-2021 (Rs.)
Income out of Foreign Receipts (Interest)- HSBC Project	80,833	78,215
Foreign Currency Receipt - Grant from HSBC for Project - as certified by the banker	NIL	NIL
